Data requirement Document

Name	Zhaklin Yanakieva	Date	11/02/2021
Reference	Prediction of a loan for people, applying for one	version	1

#	Main domain	Main subject/ process	Leading stakeholder	Facts	Dimensions
1	People, applying for a loan	Loan applications	Applicants	#applicants	- Loan_ID - Gender - Married - Dependents - Education - Self_Employed - ApplicantIncome - CoapplicantIncome - LoanAmount - Loan_Amount_Term - Credit_History - Property_Area - Loan_Status
2					

Domain - Stakeholder Relation	Finding new knowledge
Attitude	complex
Candidate data sources	https://www.kaggle.com/altruistdelhite04/loan-prediction-problem-dataset

Remark/hypothesis:
- What is the relation between the Loan status and the Applicant Income?
- How will one domain affect the other?
